Our school initiatives are showing substantial progress toward our targets

After reviewing our 2016 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Building teachers' expertise in collecting and analyzing student data, and using this to inform and adjust their teaching;
- Focusing on the teaching of thinking strategies to enhance students' literacy and numeracy skills;
- Expanding Speech-Language Pathologist support at the school;
- Employing skilled teacher aides to work with students on support and extension programs; and
- Developing consistency in homework across the school.
